

JOE TAYLOR

Accidental Sugar

Sensational top-charting guitarist **Joe Taylor** returns to the Smooth Jazz Mainstream.

Joe returns with the long-awaited follow-up to his hit album *Spellbound* with *Accidental Sugar*, continuing the smooth, instrumental pop sensibility that landed Joe's previous **RCA Victor** releases at the top of the **Billboard** and **R&R** Charts.

Accompanied by his usual array of stellar musicians, *Accidental Sugar* includes a slamming urban take on *I Just Wanna Stop* with the great **Al B. Sure!**

JAZZ TIMES Magazine: "Taylor is a virtuoso."

Music for America asks: "How come not all Smooth Jazz sounds like this?"

JAZZIZ says "Joe Taylor is one of the few instrumentalists creating a powerful, mind/mood altering substance."
